

Medical Equipment Market Report: Latin America 2021

Key data for medical equipment professionals

Table of Contents

Part I: Key Challenges Facing Latin America's Healthcare System in 2021

1. Government Containment Policies Have Failed to Arrest the Spread of the Virus	7
2. Country-Wide Lockdowns Inflicted Significant Economic Pain	9
3. Underfunded Healthcare Infrastructure and Capabilities Eroded further under the Impact of COVID-19	11
4. Surging Spending on COVID-related Medical Equipment and Supplies Has Driven up Costs and Disrupted Supply Chains	11
5. Chronic Diseases Will Continue to Put Pressure on Healthcare Systems	12
6. Healthcare Practitioners Will Have to Contend with New COVID-related Health Disorders	12
7. Technology Adoption Accelerated due to COVID and Will Bring forth Changes in Healthcare Provision	13
Expected Market Developments for 2022	13

Part II: The Latin American Hospital Landscape

This section draws on exclusive data from HospiScope, the world's largest Latin American hospitals database to present relevant hospital infrastructure data, including basic and specialized equipment totals. Part II subsections include:

Overall Hospital Infrastructure Totals.....	17
Key Data Points about Latin America Hospital Infrastructure	17
Beds	17
Country Breakdowns.....	18
Operating rooms.....	19
Basic Equipment Totals	20
Basic Equipment Penetration Levels in Latin America Hospitals.....	20
Specialized Equipment Totals	21
Specialized Equipment Penetration Levels in Latin American Hospitals	22
Healthcare Technology Penetration Levels.....	23

Part III: Latin American Hospital Technology Leaders

This section details hospital technology leaders in Argentina, Brazil, Chile, Colombia, Mexico, Peru and, in an aggregated fashion, for all of Central America.

Argentina	26
Brazil.....	28
Central America.....	30
Chile	32
Colombia	34
Mexico	36
Peru.....	38

Part IV: Hospital Profiles for Key Healthcare Markets

This section features key data points about hospital infrastructure for each market, including: Hospital infrastructure types, levels of care, bed counts, rooms and units, technology penetration, based installed equipment penetration rates, year-on-year average growth, and growth rate over the past 3 years.

Argentina	42
Brazil.....	46
Central America.....	50
Chile	54
Colombia	58
Mexico	62
Peru.....	66
